

Micro Works® Computer Center

"Your Nationwide IT Solutions Partner!"

For over 25 years, corporate, government, health care and educational customers have relied on Micro Works to provide excellent product pricing and elite service. Our talented engineers have wide-ranging expertise in all areas including:

- Onsite system installation, cabling services, and network deployment
- Compliance audits, innovative security solutions, and remote network monitoring services
- Proactive disaster recovery solutions, storage capacity planning, and virtualization
- Database optimization, Active Directory/Exchange deployment and migration
- Help desk services, remote office support, and nationwide onsite staff augmentation

Our helpful staff and affordable services will help your company grow and thrive.

We are the partner to help you maximize your existing network's performance and plan your future, while maintaining your budget! Whatever your challenges are in today's rapidly changing environment, we can identify ways to streamline processes so you can do more with less. *Our goal is simple: to exceed our clients' expectations. We understand that our success is measured by your success!*

We provide IT solutions to streamline your business and save you money!

Let Micro Works work for you!

- Lock down your network with affordable, state of the art security solutions from **Cisco**. Increase mobility with **Cisco Wireless Solutions!**
- Work with Micro Works on capacity planning. Effectively consolidate systems and implement **VMWare!**
- Manage your virtual environment and backup your VMWare with **Veeam!** Ask about free **Veeam** trials!
- Implement a **Pillar Data Systems SAN** and see how Pillar's unique Quality of Service (QoS) will deliver the highest utilization rate in the industry helping you to Stop Storage Waste!
- Avoid costly business disruptions by provisioning your entire company for remote productivity, instantly, securely, and without any headaches. Call Micro Works today to learn how to protect your company's revenue using the **Array Networks DesktopDirect** product!
- Maximize network performance and eliminate traffic surges, server bottlenecks, connectivity disconnects and downtime! Ensure business continuity with the **Radware AppDirector** application delivery controller! Ask us about a WebEX demo today!
- Benefit from Micro Works' **financial offerings and leasing programs**, which we offer for all products AND services!
